

For Immediate Release

Medford, OR – Walter E. Nelson Co. is pleased to announce the Opening of our New Location in Medford, OR. Our new address is 2221 Joseph Street, Medford, OR 97501. The new warehouse is approximately 1 mile away from our old warehouse on Parsons Drive.

Our new showroom will be around 1,800 Sq. Ft. filled with products from our top manufactures to include 3M, Hillyard, Georgia Pacific, Kimberly Clark, and Deb to name a few. Although, the warehouse square footage is still the same, we were able to increase our inventory at this location tremendously due to the higher ceilings, which in turn allowed for higher racking for inventory.

At our new location you will experience a larger parking area to accommodate easier will call orders. You will also notice that our new facility has loading docks which will help facilitate more efficient product movement to better service our customers orders.

We look forward to you coming out to our facility starting Monday, October 29. Our hours of operation are from 8:00am – 5:00pm. You can also give us a call at 541-779-2014 or visit us online at www.walterenelson.com.

While this move is a significant undertaking on our side, it will be a seamless transition for our customers. This warehouse change will not affect the order process. You should continue to send your orders to us in the same way that you do currently. As before, all orders received by 3:00 pm PT will be shipped the following day. Orders received after that time will be shipped two days following.

We look forward to your continued support at our new improved location.

About Walter E. Nelson Co.

Walter E. Nelson Co. of Medford is your source for “All Things Cleaning” in Southern Oregon, Northern California and the Rogue Valley. We are the region’s biggest supplier of janitorial supplies for commercial and industrial workspaces with the ultimate goal of keeping you and your surroundings clean, comfortable and healthy.

Our comprehensive inventory includes a wide variety of proven and effective products from professional cleaning chemicals to commercial floor buffers, vacuums, carpet extractors and other janitorial equipment. We also provide you factory trained service technicians to ensure that your equipment is running at peak efficiency and reducing costly downtime.

Our custodial supplies (including the newest microfiber products) will help you keep your workspaces sparkling clean while our professional cleaning product lines provide everything you need for your cleaning service. Name practically any surface in any environment—from hard floor to carpets, to sub-zero commercial freezers to ovens in your kitchens—we have the product to clean it. And, although we stock thousands of products, if we don’t have it on hand we can get it for you quickly from our other 10 Walter E. Nelson Co. locations in the Pacific Northwest.
